

ETHYLENE OXIDE (ETO) STATEMENT

To whom it may concern,

OrganicCrops E.I.R.L. hereby declares that ethylene oxide (ETO) is not used at any stage of production, processing, cleaning, sterilization, or disinfection within any OrganicCrops facility or by any approved supplier operating within our supply chain.

Statement of Compliance:

- No OrganicCrops production, storage, or handling facilities use ethylene oxide for the treatment, sterilization, fumigation, or decontamination of raw materials, ingredients, packaging materials, or finished products.
- Ethylene oxide is not intentionally applied to any product supplied by OrganicCrops.
- OrganicCrops does not permit the use of ethylene oxide by third parties for cleaning, disinfection, or pest control related to our products.
- Based on supplier declarations, quality assurance procedures, and production controls, no residues of ethylene oxide or its derivatives (including 2-chloroethanol) are expected to be present in OrganicCrops products.

This statement applies to all OrganicCrops products, including but not limited to cacao products, grains and seeds, oils, fruit and vegetable powders, extracts, pulps, and derivatives.

Signed: **Tarapoto, Perú**

Printed name: **Maritza Zúñiga Cueva**

Function: **Director**

A handwritten signature in blue ink, appearing to read "M. Zúñiga Cueva", with a large circular flourish at the end.

Date of issue: **05 March 2026**
